

## Your path to success at Britain's leading universities

“

Kings has helped me to excel in my A-Level exams which means I have been able to apply to the University of Oxford and the London School of Economics - where I want to study finance at Masters level. Kings has helped me improve my English.

I love my teachers and I've made friends from many different countries. My Kings experience has been unforgettable!

## MY JOURNEY WITH KINGS

GENERAL ENGLISH COURSE  
KINGS UNIVERSITY FOUNDATION

NOW STUDYING BSC IN ARCHITECTURE  
AT OXFORD BROOKES UNIVERSITY

“ I studied Maths, Physics, Art, CSS and Data and Statistics at my year in Kings. All of these subjects helped me with my Architecture Course. What I think helped me the most is the general support I got from the college. They helped all the students with their applications and prepared us entirely for entering a British University and adapting to the British style of life. I feel I grew as a person and that this year provided a security in myself and my skills that allowed me to do my course with full confidence and strength.
